The Deputy Commissioner states that during
enquiry Mr Trivimalaiah did not produce
documentary or other evidence regarding his
allegation that the portion of the land proposed
to be granted to Messrs A.R Cheluwaraya Mood
and Abboy Naidu was the property of the Sripit
math, but he requested that the math authorities
might be allowed to complete the Brindavan
and afford facilities for performing Pujas
etc. He further states that ^{one} Aye Narasimha
Chari contends that a mantap behind the
Bhuvananeswari mantap belongs to him while
Trivimalaiah states that the temple is his, but
that their contentions are untenable, as these
which before the survey settlements were small
plots, were after it, made into one survey No. 16

benefit of the temple free of assessment, and if the said individuals had any right to the plots contended for, they ought to have established it at the time of the settlement. For these reasons, the D. Commr. says that the lands applied for are Govt lands and recommends their grant to the Dirkhast Dars Meson Chelwaraya mood. and Abbey Naidu. These lands are marked A B E G H J K in blue pencil in the plan received with the records.

Muzrai Branch.

Sir,

In reply to your docket No. 663 dated 6th August 1908 forwarding for report petition (herewith retransmitted) from Mr. M.K. Tirumala Char, Deputy Inspector of Schools and Agent of the Sri Jagadhiraja Swami Matt, at Melkote, regarding the piece of land applied for by messrs A. R. Cheluvarama Mudliar and V. Abbo Naidoo for certain charitable purposes intended by them, I have the honour to state that Mr. Tirumala Char has produced no documentary or other evidence regarding his allegation.

In his statement dated 15-10-08 (filed in the accompanying records) Mr. Tirumala Char requests that at least the Matt authorities may be allowed to complete the Brindavanam and perform Puja.

The Sub Divisional Officer has stated that the Matt cannot claim this right at all because the temple authorities on their own responsibility permitted it to construct Brindavanams on the land in question. Hence it is evident the truth has no sort of right whatever to the land in question. It is reported that formerly the land in question had been divided into small plots of flower garden and during the Survey Settlement these small plots were made into one S. No. 16 measuring 5 acres 33 guntas and left for the benefit of the temple without any assessment being levied.

Aye Narasimha Char's contention is that a mantap behind the Bhuvaneswari mantap belongs to him while one Srinivasa Char states that the tope is his.

The Sub Divisional Officer is clearly of opinion that none of these have a right to the land in question and the contentions are untenable. He further states that the mantap being situated in Government land is Government property, ~~and~~ ~~and that if the petitioners had any sort of right to the mantap and tope it was their duty to have established the same during the Survey Settlement. The endorsements produced by Srinivasa Char as the Sub Divisional Officer states cannot be accepted as they are not in accordance with the Survey Settlement.~~

For the foregoing reasons I agree with the Sub Divisional officer in ^{stating} that the land in question may be given to the darakastdars.

The file of vernacular records bearing on the subject received with the Sub Divisional Officer's Yadast No. 186/622 dated 16th January 1909 is herewith submitted for reference.

I have the honour to be.

Sir.

Your most obedient servant.
